SPD Germany 2014

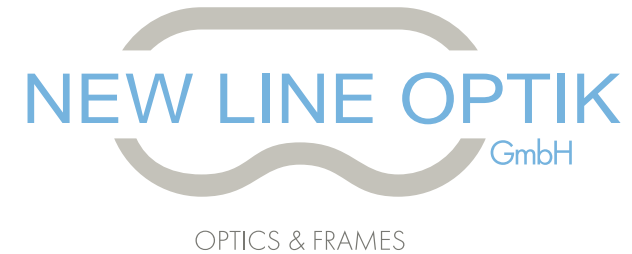

Im Juni 2014 wurde die Trim-Serie und die 500-Serie durch einige neue Modelle ergänzt, die durch den Konstrukteur Staffan Preutz in Zusammenarbeit mit einem Team aus Top-Optikern und der New Line Optik GmbH entwickelt wurden.

Diese Fassungen, wie z.B. SPD 583/42/31 und Trim 060/42/31 Sun (siehe Bild unten), sind speziell für den deutschen Geschmack entwickelt. Die drei entstandenen Formen der Trim-Serie (059-061) und drei weitere Formen der 500-Serie (582-584) werden unter der Zusatz-Bezeichnung "Germany 2014" geführt.
